ABOUT

The Seattle chapter of Young Professionals in Transportation (YPT Seattle) was created in June 2013 to enhance professional development among young transportation practitioners and future leaders in Seattle, WA.

YPT Seattle is the local chapter of the entirely volunteer-run YPT International non-profit organization. YPT International facilitates the growth of new chapters and guides the 25+ chapters in promoting their core values: professional development, fellowship, and networking.

MISSION

Our mission is to work to **cultivate a community of young professionals passionate about transportation.** Our organization embraces interest in transportation topics across all modes and strives to provide a forum for discussions that encompass traditional transportation topics and new transportation innovations that may shape the industry's future.

Sponsoring YPT Seattle supports the development of your employees as leaders and change-makers in the industry. Your support allows us to **create high quality programming** and **keeps membership costs reasonable** for our young members. Sponsoring YPT Seattle allows us to continue engaging and nurturing the pipeline of transportation professionals.
